## Plastic Gravity Rollers

Our range of Rigid ABS food quality plastic gravity rollers has been developed to suit a variety of applications and industries.

- Rollers available in 20, 25, 30, 40, 50 and 60 mm diameter
- Option of Grey, Blue, Black or White tube on 50 mm diameter.
- Rigid ABS tube
- Acetal end bearings with stainless steel balls
- Easy to remove / replace
- Corrosion resistant

As standard all rollers are provided with a spring loaded spindle and a 15 mm Shaft extension both sides of the roller. We also offer the following alternatives:-

- Drilled and tapped ends
- Threaded ends
- Ends drilled for wire
- Fixed shaft
- Loose shaft

Type	Roller Dia D	Spindle Dia d	Bearing proj B	Spindle Ext. E	Length over Bearing L1	Spindle Length L2	Inside frame L3
