Gravity Rollers Enclosed type

Complementing our standard range of Gravity and Belt Support Rollers, we have introduced a 50 mm / 2" diameter sealed end capped roller, specifically for the food and pharmaceutical industry.

- Available in Stainless steel, Aluminium or Rigid ABS.
- ABS tube colour option of Grey, Blue, Black or White
- Sealed end cap avoids ingress of bacteria and water in the tube
- Maintenance free
- M8 stainless steel threaded stub axles
- Easy to remove / replace
- Corrosion resistant
